CERTIFICATION

I hereby certify, that to the best of my knowledge, the above information is a true and accurate description of the site & conditions, past & present, of the non-hazardous materials that we intend to assign to Pure Earth Recycling (NJ), Inc.	
Generators Authorized Signatory (print):	Title:
Signature:	Date:

APPROVAL NO.

GENERATOR CERTIFICATIONS

I. Certifications:

I, the undersigned, to the best of my knowledge, verify that the material submitted for acceptance does not contain:

- PCBs greater than 49 parts per million
- Herbicides or pesticides at a hazardous concentration, as defined by EPA 40 CFR 261
- Contaminants at levels which would cause the soil to be characterized as toxic, as defined by EPA 40 CFR 261 (Classification D001 through D043).
- Is not an EPA listed hazardous waste, and does not exhibit any of the characteristics of a hazardous waste, as defined by EPA 40 CFR 261
- I further certify, to the best of my knowledge, that the subject soil is not or has never been the focus of a remediation for constituents other than those that are being disclosed to Pure Earth, NJ.

II. Authorization to Correct Form

I authorize Pure Earth Recycling (NJ), Inc. to make corrections to this form, such corrections being consistent with the results of sample characterization and/or regulatory requirements of the NJDEP. I understand that a corrected copy will be sent to me.

Yes No Initial: _____

Note: Any significant changes or deviations from the waste received, versus the information provided on this form requires amendment.

III. Generator Certification

I hereby certify that I have personally examined and am familiar with the information submitted in this and all attached documents based on my inquiry of those individuals immediately responsible for obtaining this information. I believe that the submitted information is true, accurate and complete, and that all known and suspected contaminants and hazards have been disclosed. I further certify that the sample I submitted with this profile is truly representative of this waste stream.
